Energy isn't something you force.
It's something you signal.

SMARTER ENERGY

Traditional energy products often put caffeine front and center. ENERGIZED+ takes a different approach, combining naturally sourced caffeine and neuroactive amino acids with Bioactive Precision Peptides™ in a formula designed to support energy and alertness.

WHEN MIND AND BODY ALIGN

When mind and body align, motivation directs your mind for performance. Clear signals drive the body to be consistent; fullsystem energy support, not just stimulation.

E + MC² TECHNOLOGY™

ENERGY · MOTIVATION · CELLULAR COMMUNICATION

E

ENERGY

Sustained energy vs. just jolts.

Energy fuels your cells. A blend of B vitamins is foundational for ATP production, fueling mitochondrial energy production and neurotransmitter synthesis, while plantbased natural caffeine from green coffee bean extract provides smooth, sustained energy and alertness.

M

MOTIVATION

Support the brain that drives performance.

Motivation directs your mind for performance. Targeted amino acids and the nootropic botanical gotu kola help support improved alertness, cognitive support, mood, and motivation — helping keep the body and mind performing at their best.

**KEY INGREDIENTS: L-TYROSINE ·
CHOLINE · INOSITOL · GOTU KOLA ·
TAURINE · GLYCINE**

C²

CELLULAR COMM

Back to the roots. Cell-signaling for smarter energy.

Cellular Communication coordinates everything through MAKE's natural peptide signaling. Fatigue Fighter Peptides help support cognitive performance, mental stamina, and motivation — helping maintain mental drive and physical endurance.

FATIGUE FIGHTER PEPTIDES

BIOACTIVE PRECISION PEPTIDES™

Powered by key amino acids and whey-derived peptides, this ingredient helps support cognitive performance, mental stamina, and motivation. It helps maintain mental drive and physical endurance — so you can feel sharper and keep going longer.

AA

AMINO ACID BLEND

L-TYROSINE · CHOLINE · TAURINE · GLYCINE · LEUCINE · ISOLEUCINE · VALINE

Helps combat fatigue through complementary mechanisms targeting both physical endurance and cognitive performance. Supports improved mood and motivation.

B

B VITAMINS + INOSITOL

B1 · B2 · B3 · B5 · B6 · B12 · INOSITOL

This blend of B vitamins is foundational for ATP production, fueling mitochondrial energy production and neurotransmitter synthesis. Supports mood, cognitive performance, and motivation to keep the body and mind performing at their best.

C

VITAMIN C

Vitamin C is among the most highly concentrated antioxidants in the brain and serves multiple neuroactive functions.

100^{MG}

PLANT-BASED NATURAL CAFFEINE

Naturally sourced caffeine from green coffee bean extract for smooth, sustained energy and alertness.

Gk

GOTU KOLA

A nootropic botanical used for improved alertness and cognitive support.

How ENERGIZED+ Works

- 01 Supports healthy brain and body energy for full-system energy, not just stimulation.
- 02 Supports healthy mitochondrial energy production & ATP production.
- 03 Energy that targets both physical endurance and cognitive performance.
- 04 Encourages smooth sustained mental energy and alertness.
- 05 Helps combat mental fatigue for sustained performance.
- 06 Helps support cognitive performance, mental stamina, and motivation to keep body and brain performing at their best.
- 07 Supports neurotransmitter pathways involved in energy.
- 08 Supports productive energy with natural plant-based caffeine to provide smooth, balanced energy.

Why It's Different

Smarter Energy	Cellular communication, signal sent.
Motivated Energy	You have the drive to start.
Activated Energy	Finish what matters.
Sustained Energy	Be consistent.
Balanced Energy	Find your flow.

*Energy isn't something you force — it's something you signal.
